RCI, Inc. is an international association of building envelope consultants whose members specialize in design, investigation, repair, and management of roofing, exterior wall, and waterproofing systems.

Objective viewpoints, sharing of information, and practical-minded sustainable design principles are primary values of RCI.

Founded in 1983, RCI’s membership includes a diverse array of 2,600 professionals throughout the United States and Canada.

RCI professional registration titles (RRC®, RRO®, RWC®, REWC®, RBEC) establish quantifiable knowledge-sets, experience minimums, and ethics guidelines for building envelope consulting professionals.

The Association hosts over 30 educational programs annually, including:

2012 SYMPOSIUM ON BUILDING ENVELOPE TECHNOLOGY
October 22-23 | Phoenix, Arizona

Join RCI for member-only discounted prices for attendee registration. Members also receive a one-year subscription to Interface technical journal.

RECEIVE — INTERFACE TECHNICAL JOURNAL

With 11 issues a year, Interface’s peer-reviewed content focuses on design-oriented solutions for building envelope failures. Sustainability, investigation techniques, codes, and material technologies are common topics covered in Interface.
