April 11, 2018

RCI, Inc. 2018 Building Envelope Technology Symposium to Be Held November 16-17 in Nashville, Tennessee

Two-Days of Expert-Led Education Offering Design Solutions for Buildings' Exterior Envelopes

Raleigh, NC – RCI, Inc. has set the date and location for the associations' 2018 Building Envelope Technology Symposium. An in-depth educational program for building exterior designers and repair professionals, the event will be held November 16-17, 2018, at the Gaylord Opryland Resort and Convention Center, Nashville, TN.

The two-day symposium features 12 unique educational sessions presented by leading building envelope design consultants. Speakers offer experience-based insights for the specification of sound, durable exterior envelopes. Most programs focus on repair and sustainable design methods for strengthening and improving existing structures.

Leading building envelope product manufacturers will be present with displays of the latest products and services. Over 350 building envelope professionals and 30 exhibiting companies are expected to attend.

Hosted by RCI for over 20 years, the program offers continuing education credits from both RCI and the American Institute of Architects.

For more information, visit rci-online.org or call 800-828-1902.

RCI is an international association of building envelope consultants whose members specialize in design, investigation, repair, and management of roofing, exterior wall, and waterproofing systems. RCI regularly hosts education programs designed to demystify and explain the application of roofing, waterproofing, and exterior wall technologies.
